NUMBER 38

OKANAGAN MUSICAL COMPETITION FESTIVAL

SECOND ANNUAL EVENT A HUGE SUCCESS
IN EVERY WAY—NUMBER OF COM-
PETITORS TRIPLE THAT
OF 1926 FESTIVAL

Though the Scout Hall only contained a small audience when the Second Annual Okanagan Valley Musical Competition Festival, was formally opened by Mayor Sutherland last Thursday afternoon, and though the proceedings were brief, an auspicious start was made, nevertheless, on what proved to be a wonderfully successful and pleasing display of musical talent.

Mayor Sutherland Officially At Opening

A few minutes after 1.30 p.m. Mayor Sutherland and Mrs. H. W. Arbuckle, General Secretary of the Festival, ascended the platform, accompanied by the two adjudicators, Mr. R. Jamieson and Mr. Clifford Higgins, and the proceedings were commenced by His Worship giving a short but well thought-out address.

Beginning by expressing his regret that the Lieut.-Governor, Hon. R. Randolph Bruce, was unable to be present, Mayor Sutherland said he felt sure that the Lieut.-Governor doubtless also regretted not being able to attend the Festival, as he had a warm spot in his heart for Kelowna and the Okanagan Valley and was much interested in all that pertained to music. It was gratifying to learn that the Festival had made immense strides since the previous year, the number of entered competitors being three times as many as in 1926. This increase in interest had been beyond the most sanguine hopes of those who had originally organized the Festival. It was indeed a pleasant thought that in this age of jazz, motor cars and overalls, when people's thoughts in the main were turned to mere money making and enjoyment of a purely material order, there was a strong undercurrent being developed for the finer things in life, a tendency also to uplift humanity and to make the better side of nature come to the fore. It was also highly encouraging that all the Okanagan towns and communities had helped both last year and this year to make the Festival a success. It afforded him pleasure to offer a very hearty official welcome to all who came from distant points. He trusted that they stay here would be a pleasant one and could assure them that the people of Kelowna would do all in their power to make them feel at home. (Applause.)

The Adjudicators Speak

Mr. R. Jamieson, who was the next speaker, said it made him happy to be back in the Okanagan and to find out that there was a "triple entry" compared with that of the 1926 Festival. He was particularly anxious that it should be noised abroad that the adjudicators did not want competitors to be nervous. As he had remarked at the initial Festival, no one would want to bite them. All who entered the contests should forget that they had nerves. Mr. Higgins was nervous and he did not want to have to carry him from the Hall in a faint. (Much laughter.) He and his fellow adjudicator would do all in their power to make the singers and players happy, so he hoped that everyone would tell the boys, girls and grown-ups to forget to be nervous. (Much applause.)

Mr. Clifford Higgins, who followed Mr. Jamieson, began his remarks by observing that he wished he could tell all his experiences connected with the Musical Festival movement for the past thirty years. His first experience in that line had been in Blackpool, England, where out of small beginnings wonders had resulted. The actual start made there had been on a smaller scale than the one made here last year. Since then wonderful conductors had been trained at Blackpool and splendid choirs and first-class soloists developed. The growth had been so enormous that at a recent festival, held there, ten thousand competitors had taken part, and the services of one hundred adjudicators and eight large concert halls had been necessary. He appreciated Mr. Jamieson's remarks about himself. (Laughter.) However, he had got over being nervous and would not have to be carried out of the building. The main idea was to catch the spirit of the Festival, study well the music one had to sing or play and forget the audience. During his career he had seen some of the most noted musicians and vocalists when they were commencing to appear in public and he had accompanied and helped several of them to get over being nervous. At a festival no one knew what talent might be developed and therefore each should do his or her best. He was extremely glad to be present and any work he did would be carried on to the best of his ability with the one objective in view of helping to enable the competitors to do their work, whatever it might be, better in future. (Applause.)

Thursday

Thursday's programme proved at once attractive, it being of a very varied nature. The afternoon was taken up with vocal solos, trios, duets, piano-forte sight reading and a lengthy contest between young piano-forte students. The competitors for the most part got over their nervousness quickly, both the adjudicators taking great pains to get the best out of all who competed, and, if everything else failed, they told something really amusing so as to create an atmosphere of friendliness. Mr. Jamieson and Mr. Higgins also on this opening afternoon showed the audience how valuable a festival can be made from the point of view of instruction, as they in turn read out their decisions, giving the reasons for making them in such a manner that competitors could easily understand how they could best improve their singing or playing in the future. This system of explaining how each vocalist or instrumentalist could advance in his or her efforts towards perfection was highly instructive, not only to the performers but also to the audience, and was kept up throughout the Festival. In fact one of the things which must linger in the minds of all who took in the three days of contests was the wonderful patience of the adjudicators and the conscientious manner in which their work was carried out. After they had explained the reasons for their decisions, these decisions were quite easily understood by all who heard them.

On Thursday evening the audience was greatly increased and the programme was also interesting, some fine piano-forte playing, solo singing and choir work being heard.

Friday

The Friday morning session was devoted entirely to listening to thirty-eight young students of the piano. In the afternoon, however, a varied programme was gone through, young vocalists being tried out, also youthful violinists and piano players, as well as duet work for grown-ups. On the evening of the same day orchestra work was heard, as well as mixed duets, various quartets and soloists. On this day the audience was very large, the large hall being practically full all the time, mostly with people from distant points.

Saturday

The last day of the Festival must have been a trying one for all connected with its management. In the morning elocution, more choir work and some solo efforts occupied the time of the adjudicators. In the afternoon more contests of like nature took place, including some lengthy competitions in boys' solo work, and in the evening, as a finale for such a feast of music of all kinds, a concert was given at which the finalists in some of the classes were heard. The audience on this day far surpassed the most sanguine expectations of the Festival Committee. In the morning the Hall was crowded, in the afternoon many had difficulty in obtaining seats, and in the evening so eager were people to secure stinging accommodations that a queue was formed at the entrance and right across Bernard Avenue long before the door was opened. Many were quite contented to stand throughout the evening and it is doubtful if ever such a large gathering of like nature has taken place before in the Okanagan district.

Local Member Advocates Government Grant

The concert was commenced by all singing "O Canada," Mr. R. Jamieson acting as conductor. Mr. J. W. Jones, M.L.A., then addressed the audience, as representative of Lieut.-Governor, Hon. R. Randolph Bruce. He explained, as Mayor Sutherland had done at the beginning of the Festival, that His Honour regretted not being able to be present as he had an important engagement at Vancouver. This was the largest gathering he had ever witnessed in Kelowna, and was probably the largest one ever held in the Okanagan. (Much applause.) He, the speaker, had lived twenty years in the city and it was the first time a queue of people had ever blocked his way right across the main street. It had been a highly interesting festival throughout. All appeared to have enjoyed it, the children as well as the grown-ups entering into the spirit of the contests and doing their best for their districts. The Festival furnished new ideas and thus had a great educational value. He considered that the Provincial Government ought to give more financial aid to the culture of music. (Applause.) He felt sure that, if all members of the Legislature had been present at such a festival as had been held here, they would be only too willing to adopt the idea of granting a substantial sum in aid of the educational work carried on at it. He was proud that the Okanagan was taking such a prominent part in the Festival movement. He had spoken to his colleague who represented the southern portion of the Okanagan district and he had agreed that a grant from the public treasury ought to be given to the committee handling the Festival. One thing had been plainly gleaned from the adjudicators' decisions, and that was that at the present time many different methods of teaching were in vogue. It would be better if music were taught at Normal Schools and better still if there were a Normal School of Music. (Applause.) Some idea of the interest taken in music throughout the Okanagan could be gleaned from the fact that over one thousand children alone

RETURNED MISSIONARY SPEAKS ON CHINA

Rev. W. E. Sibley Believes That Chinese Will Repudiate Communism

The Rev. William E. Sibley, a returned missionary from West China, who is now staying on furlough at Summerland, conducted both the morning and evening services at the First United Church on Sunday.

At the evening service he gave a most instructive address on Chinese affairs, which he divided into three parts, the present situation in that country, the reasons for such an upheaval as was taking place there, and the objectives of the revolutionary party. Speaking at considerable length, he described the fall of the foreign Manchu dynasty and the rise to power of the party of Dr. Sun Yat Sen, which overthrew it. The Manchus he described as an alien race who adopted a merely paternal system of government, the same system of handling state affairs which had been used in China for centuries and which had led to various revolutions in that country's long history. The first Parliament in China, established after the Manchu regime was abolished, only lasted two years and during its existence no definite constitution was established. Since it was dissolved the country had been without any centralized government. The result of the present upheaval throughout China was uncertain at the present time, but in all probability the course of time the ambition of the educated classes of the population would be realized, the abolition of foreign treaty rights and concessions and the establishment of a national government. The Chinese he considered to be a peace-loving people who would repudiate communistic ideas and eventually emerge as a strong nation.

TEN MORE NATIVES DIE IN LAHORE RIOTS

LAHORE, India, May 5.—Rioting broke out again last night in several parts of the city when thousands of Moslems were returning from the funeral of three Mohammedans killed in a clash between Sikhs and Moslems on Tuesday night.

Ten persons were killed and more than fifty injured in last night's disturbance.

FEDERALSHIP, FREE AT LAST, PUTS TO SEA

SAN FRANCISCO, May 5.—Free at last after a battle of two months' duration, in which prohibition officials, treaties, lawyers, courts and the diplomats of three nations were mixed, the steamer Federalship, with her million-dollar cargo of Canadian whiskey, sped southward over the high seas today, but the ever-watchful Coast Guard was still on her trail.

had competed here during the past three days. He wished personally that each single person, boy, girl, or grown-up, could have received a medal, but he was sure that Mr. Jamieson, being Scottish, would not have agreed to that. (Much laughter.) The Festival Committee had asked him to express their gratitude and sincere thanks to all who had brought children from distant points.

Adjudicators Are All Happy

Mr. Jones then requested Mr. Higgins, Mr. Jamieson and Mrs. D. Soames, of East Kelowna, to come to the platform, where Mrs. Soames was presented with a bouquet.

Mr. Jamieson, on being asked to say a few words, said that they had come to the only portion of a festival which he did not like. He had to say something about the various awards, and felt sure that there must have been some disappointments. He hoped that all would remember that adjudicators were human and liable to make mistakes, but gave their decisions to the best of their ability. He gave the audience an account of how he had interviewed Sir Edward Elgar and other people, with a view, as he explained, of showing how great musical minds varied. His advice to the competitors whom he had listened to was to always turn their minds into fine channels, to read good books, and thus train their ears in the right line of thought for musical interpretation. He hoped that his observations at various times had not given any offence, and if his and his fellow adjudicator's decisions had not always coincided with the popular verdict, he would take the blame. He placed no faith in high marking. What was needed was a standard for marking. He believed that the standard set at Vancouver was not equal to that which obtained at the Festival just finished. It had been a pleasure for him to come again to the Okanagan, as the last time he had left the Valley feeling happy. He would have to stop talking, otherwise he would commence making a speech. (Applause.)

Mr. C. Higgins remarked that Mr. Jamieson had left him little to say. Personally, he liked to look back on the work he had done at musical festivals for the past thirty years. He had had many beatings when he first contested in them. Often he had thought that the adjudicators had made errors in judgment, but was glad to think that he had never protested them, because as time went on and his musical experience increased he had found that their decisions were based on sound knowledge. He considered that wonders had been accomplished at the Festival just completed. It had been marked by a spirit of friendliness and goodwill, and that alone should mean a great deal to the Valley. He wound up a short address by telling, evidently for Mr. Jamieson's benefit, a remarkably funny story about a Scotsman.

DIAMOND JUBILEE OF CONFEDERATION

Preliminary Steps Taken To Organize Local Celebration Committee

An illustration of the popular tendency in all public movements involving any expenditure of time and trouble to permit the other fellow to do it was afforded by the public meeting, so-called, convened by the City Council on Monday night to receive suggestions for the programme to be carried out in Kelowna in celebration of the diamond jubilee of the Confederation of Canada.

The Board of Trade Hall was crowded to suffocation with an attendance of seventeen persons, all told, including the members of the Council and civic officials, nine in all, five other citizens of the male sex and three ladies.

Dispensing with any formalities, Mayor Sutherland explained the purpose of the meeting and expressed regret at the small attendance, considering the importance of the matter to be discussed. He wanted to make it clear that the Council as a body would not undertake to carry out any celebration, but would be willing to send representatives to any committee to be formed and would also contribute towards the expenses. There was no reason why Kelowna could not have a very suitable celebration, the main feature of which should be participation by the children. Probably appropriate films could be shown in addition to the outdoors programme. He understood that the Dominion Parliament had appropriated \$100,000 for certain purposes connected with the anniversary, and he would ask Mr. Grote Stirling, M.P., who had recently returned from Ottawa, to speak in this connection.

Mr. Stirling corroborated what the Mayor had said in regard to a grant being made to the National Committee formed for the purpose of organizing celebrations throughout the Dominion. The Committee had issued a number of suggestions as to the form that local observance of the anniversary might take, and the chairman of the Executive, Hon. Geo. P. Graham, had emphasized the point put forward by Mayor Sutherland, that the event should chiefly feature participation by the children, the citizens of tomorrow. Suggestions were also made as to the holding of sports, pageants and lighting bonfires, and some of the towns in the Interior, such as Vernon, Grand Forks and Penticton, were already considering these details, while several small places in the Kettle River Valley proposed to combine to hold one celebration at a central point, so that it was time for Kelowna to take action. One of the most delightful things he had seen in Kelowna a few years ago was a pageant of school children, and possibly might be repeated with a subsequent distribution in the Park of the medals to be provided by the National Committee. Another pleasing remembrance was the historical pageant at the time of the formal opening of the Okanagan-Cariboo Trail. Such an event involved a great deal of work, but it might be possible to include a local parade to be repeated with suitable floats. Sports should be arranged for the younger people rather than the grown-up athletes.

A letter received from Mr. John Hosie, Provincial Librarian, containing a large number of suggestions for celebrating the notable anniversary, was read by the City Clerk, at the request of the Mayor.

The top of Dilworth Mountain as a site for a bonfire was suggested by Mr. Stirling, and another suggestion was a basket picnic in the Park.

After further discussion, it was agreed that the best method of starting the work of organizing a celebration would be to secure the cooperation of the various local societies, and the Mayor undertook that the City Clerk would write to all such bodies and also to the various rural districts, inviting the appointment of representatives on a Celebration Committee, the first meeting of which would be convened on Tuesday night, May 10th.

Mrs. F. R. E. DeHart volunteered to notify all the ladies organizations, an offer which was gratefully accepted, and the meeting then adjourned.

KELOWNA HOSPITAL REPORT FOR APRIL

Ninety-four in-patients and ten out-patients were treated at the General Hospital during April, a total of 798 days' treatment being given. During the course of the month eleven babies were born, while there were three deaths. It was a very busy month, and for at least one week the Hospital was filled to capacity, the Matron's ingenuity to accommodate all and make them comfortable being severely taxed.

The regular meetings of the full Board and of various committees have been held, and the activity of every director has been marked.

The old Visitors' Register, covering a period of seventeen years, has been withdrawn, but can be inspected in the Secretary's office at any time.

Mr. Ford, of the Architect's office, Department of Public Works, Victoria, was an official visitor during the month.

The Directors wish to gratefully acknowledge the following gifts during April: Ladies Aid, \$70 (towards house-keeper's salary); Vancouver Daily Province, \$25.20; Mr. H. Burch, two sacks potatoes; Mr. R. L. Dalglis, rhubarb; Mr. P. Williams, two sacks parsnips; Okanagan Musical Festival, milk.

ATTRACTIVE PROGRAMME FOR VOCAL CLUB CONCERT

Solos By Noted Tenor Will Intersperse Choral Numbers

A very attractive programme has been arranged for the concert to be given in the First United Church on Thursday next, May 12th, by the Men's Vocal Club of Kelowna. As this will practically conclude the season of the Club, great pains have been taken in the selection of all the items, and the members, who have been practicing assiduously for weeks past, feel that they will be able to present an entertainment of an exceptionally enjoyable nature. The programme will be of a varied character to suit all tastes, and will include Scottish songs, plantation melodies and classical numbers, as well as those selections which the Club has chosen to present at the recent Musical Festival, gaining highest marks and the Stephenson and Kelowna Board of Trade cups.

The Club will have the able assistance at the concert of Mr. Alexander Wallace, the noted tenor, who has earned a great reputation as an exceptionally gifted vocalist on the concert platform in most of the Pacific Coast cities. His voice has often been heard in many recitals broadcast by radio, and he is therefore known in advance to many local people. He will render several songs in addition to the well-known beautiful number from Coleridge-Taylor's "Hiawatha," "Onaway, Awake Beloved!"

The concert will be under the skilled direction of Mr. Donald Macrae, who will have the assistance of Mr. F. T. Marriage as accompanist.

GOLF COMPETITIONS EVOKE MANY ENTRIES

Ladies Complete Series Of Spring Flights

The Easter holidays were featured in golf circles by the opening of the mixed two-ball foursomes, handicap play, an increasingly popular annual fixture, and by the opening round of a four-ball handicap sweepstake, match play. Both events brought forward a good entry list.

The ladies have completed their spring flights, Mrs. Rees winning the first flight; Mrs. Willis, the second, and Mrs. Percival, the third. Last week was given over to the Stirling Silver medal play of fifty-four holes on handicap, an eighteen-hole round being played on Monday, Wednesday and Friday. Mrs. R. H. Brown turned in the lowest net score for the fifty-four holes. On Tuesday, April 26th, the Hidden Hole was won by Mrs. Craig, the prize for which was donated by Mrs. Grogan. On the Tuesday previous, the weekly competition was won by Mrs. G. L. Campbell. This week the McTavish match play handicap, another very popular fixture among the ladies, as evidenced by an entry of thirty-two, is being played, each round to be completed by one week from Tuesday, May 3rd.

The handicap spring flights competition for men is progressing. Its results, as well as those of other competitions, will be published next week.

On May 1st, twenty local players visited Penticton for a friendly competition, the ladies' play resulting in a draw, while the men visitors suffered defeat. It is understood that a team from Vernon has been invited to play here on the 8th inst.

The low handicap players are practicing hard for the Interior championship for men, which takes place at Vernon on May 23rd, 24th and 25th.

OKANAGAN INTER-SCHOOL ATHLETIC TRACK MEET

Prospects Bright For Big Event Here On Saturday, May 14th

A thousand people in the grandstand, two hundred young athletes competing, the band playing, colours flying, volleys of cheering, intense excitement, a championship decided by one point in the very last event—that was the scene in Vernon on a bright and sunny day in May last year. Few people realize what a big thing the Inter-school Track Meet has grown into since it was last held here three years ago. It was inaugurated as an annual event several years ago, and was attended mainly by children with a few interested adults, since then it has become a red-letter day, one of the biggest functions of the year, with an attendance running into four figures.

This year the meet is to be held in Kelowna on Saturday, May 14th, and thereafter it returns here every fourth year. The Gyro Club of Kelowna have made the financing of the event one of their objectives for the 1927 whirl, and a large number of interested citizens have helped by donating some of the sixty odd cups and medals which will be competed for. The City Council is spending a good deal of time and trouble in widening and resurfacing the track, new equipment is being provided, the Executive Committee has its plans well in hand, and prospects seem very bright for the biggest and most successful Track Meet ever held in the Okanagan Valley.

The Kelowna schools have been very successful during previous meets, the High School in particular having won the Valley championship three times in the last four years. But competition is becoming keener all the time, and the Kelowna schools are practicing strenuously. Our boys and girls are being trained by Messrs. F. B. Lucas and E. M. Garth, and are confident of repeating their previous successes. In any event, May 14th is a date to be looked forward to by everybody who can possibly be there.

THE RECENT SESSION OF THE DOMINION HOUSE

A Brief Review Of Parliamentary Activities

(By Grote Stirling, M.P.)

The session which recently ended at Ottawa was the shortest on record and yet a great deal of work was included therein and several important questions were disposed of. The fact that the House of Commons met in December, because it was necessary to vote Supply belonging to 1926 before the 1927 Budget was brought down, enabled the address in reply to the Speech from the Throne to be disposed of before the Christmas adjournment, and when the House met in February it was able to start at once on the work of the session.

The bills to implement the Government's undertakings consequent on the Duncan report on the Maritime situation were passed through both Houses without any undue criticism. The most important was the bill to reduce the freight rates of the Maritime Provinces by 20 per cent and the assistance to be rendered to new coking plants using Maritime coal.

The Budget was introduced a month earlier than anticipated, and it contained no alteration of any moment in the tariff. Seasonal tariff on fruits and vegetables had been before the Tariff Advisory Board, but no conclusion had been reached by the time the Budget was introduced.

The Game Act amendments, old age pensions, rural credits and soldier-settlers' revaluation bills were again introduced and passed through both Houses with very slight alterations from last year's measures.

The long awaited revision of the Civil Service Act was passed granting an increase all round of \$120 to those receiving salaries of less than \$5,100, with certain exceptions.

The Fruit Act was amended to make compulsory the inspection of exports of fruit, but the alteration will not be enforced during the coming season. An act dealing with agricultural pest control was passed which will bring spray materials such like under the control of the Dominion Government, so that it will be possible to ensure that the contents are such as they are described.

The report of the railway engineers regarding a Western outlet from the Peace River district was thoroughly examined by the Railway Committee, and it is probable that further survey work will be carried out through the Peace, Pine and Monkman Passes, so that when it is decided that the development in that most fertile area warrants railway extension, the requisite information may be forthcoming.

The most contentious matter before Parliament was the advisability of renewing for the fourteenth time the charter for the Georgian Bay Canal, which was due to expire on May 1st. When this charter was originally granted thirty-three years ago it was for a canal which might use and dispose of electrical energy produced in the carrying out of its work. Within recent years, so important has hydro-electrical energy become, the power possibilities under the charter have been overshadowed the canal, which most people look upon as a costly duplication of the Welland, and very many considered that it would be unwise to allow such vast power to fall into private hands when the Provinces of Ontario and Quebec, whose inter-provincial boundary is the Ottawa River, require all the available power for their own practical requirements. The bill was introduced by a private member and was fought in the House on its second reading, but, in spite of strenuous opposition to the principle involved it received second reading and was sent to the Railway and Canals Committee, where it did not long survive the critical opposition it met in the House.

The drive for membership in the Kelowna Hospital Society is now in progress and will continue during May. The active co-operation of all fraternal and social organizations is being sought, and the Directors hope for their valuable assistance. An effort will be made to canvass all during the month, but should any one be overlooked, they are asked not to be backward in coming forward with their subscription.

The Directors are seeking a grant from the Government towards the much needed addition to the Hospital building, and the support of a large membership will give added weight to their efforts. Subscriptions of \$2.00 and up qualify for annual membership, and a donation of \$50 secures a life membership. Any desired information about the drive will be given gladly by Mr. H. F. Chapin, chairman of the Membership Committee, or by the Secretary.

HOSPITAL SOCIETY MEMBERSHIP DRIVE

Subscriptions Are Beginning To Arrive In Response To Appeal

The drive for membership in the Kelowna Hospital Society is now in progress and will continue during May. The active co-operation of all fraternal and social organizations is being sought, and the Directors hope for their valuable assistance. An effort will be made to canvass all during the month, but should any one be overlooked, they are asked not to be backward in coming forward with their subscription.

The first list of membership subscriptions is as follows: Grote Stirling, M.P., \$25.00 (also a life member); J. W. Jones, M.L.A., \$25.00; J. T. Balfour, \$8.00; H. B. Burch, \$10.00; D. R. Butt, \$2.00; Geo. Brown, \$2.00; M. J. Curtis, \$2.00; R. L. Dalglis, \$5.00; S. T. Elliott, \$2.00; W. Geen, \$2.00; H. LePargueux, \$10.00; Wynne Price, \$2.00; R. Willis, \$2.00.

EASTER TESTS AT KELOWNA HIGH SCHOOL

Names Of Scholars Who Made Fifty Per Cent Or Over At Recent Examinations

Subjoined are the names of those who made 50% or over at the High School Easter examinations.

First Class Honours means that the pupil made an average of 80% or over, and Second Class that he or she made from 65% to 80%. Pass means that an average of from 50 to 65% was obtained. Names are given in order of merit.

Grade XII.—Senior Matriculation

First Class Honours: Gordon Hall. Second Class Honours: Grace Hewlett, Joan Foster.

Pass: William Lucas, Ida Wilson, Wilma Treadwell, Alta Lewis, Harry Campbell, Alma Cooper, Annie Curtis.

Grade XI.—Junior Matriculation

Second Class Honours: David Murdoch, Clare Thompson, James Campbell, Olive Brown.

Pass: Dorcas Hicks, Ruth Stuart, Frank Snowsall, Eunice Sloan, Madeline Poole, Doris Ward, Theodora Hopkins.

Grade X.

Second Class Honours: Greta Sanders, Ruth Wilson, Juliet Frazer, Andrew Stirling.

Pass: Harry Weatherill, Mary Stubbs, Duncan McNaughton, Kenneth Perkins, Betty Snowsall, Joe Gasparone, Evelyn Flinfort, Robert Gore, Marion Melkie, Alex Bennett, Mabel Pettigrew, Sisson Benson, Donald Poole, Jessie Campbell.

Grade IX.

First Class Honours: Beth Harvey. Second Class Honours: Hylda Andrews, Ethel Peterman, Mary Willis, Dorothy Lucas, May Cather, Ned Wright, Rudolph Guidi, Joyce Crichton.

Pass: Margaret Burch, Nellie Ryder, Ellen Dick, Frances Lewers, Mary Royle, Donald Fisher, William Gaddes and Robert Lloyd-Jones, equal; Eunice Wilson, Mildred Lloyd-Jones, Alfred Maranda, Mary Finders, Leslie Clement, Leslie Stone, Boyce Gaddes, Effie Mitchell, and Maxwell Oakes, equal; Edward Dodd, Muriel Day, Lilian Elliott.

MODERN METHODS OF MILITARY TRAINING

Latest Modes Of Warfare Shown By Means Of Moving Pictures

Before a mixed gathering of war veterans, younger members of the Active Militia, two or three ladies and a sprinkling of youngsters, in the Wesley Hall on Tuesday night, Capt. Underwood, of the School of Small Arms, Esquimalt, gave a very interesting demonstration, by means of moving pictures, of the latest methods of military training and the co-ordination in attack of different arms. There was no lecture beyond a few explanatory words as each reel commenced. The pictures were of excellent quality, and their use in connection with the instruction of the Militia should be of great value.

Commencing with the subject of squad drill, familiar to many of those present, a very smart squad of British regulars, presumably Guards, was shown going through a large variety of movements. Company evolutions were also shown, including striking pictures of a unit in full review order marching past a saluting base. Other views included demonstrations of horsemanship and the training of horses to jump obstacles by themselves without a rider. The pictures of war manoeuvres were quite realistic, showing the latest methods in developing an attack by the co-operation of infantry advancing under the protection of tanks and the support of mobile "pack" artillery and light howitzers, together with the use of the Lewis machine gun. The pictures of the tanks were particularly interesting, especially those showing the Royal Engineers in bridging operations, as well as the fighting machines.

The demonstration lasted two hours and was followed with close attention and interest throughout. While, of course, it showed none of the horrors of war, it gave a vivid idea of some of the methods employed in the course of a modern campaign and the co-operation that is necessary between infantry, the guns and other branches to attain an objective.

NEGRO IS LYNCHED AND BODY CREMATED

LITTLE ROCK, Ark., May 5.—The sight of militiamen standing guard with fixed bayonets on the important street corners greeted the residents of Little Rock today, following a night of disorder during which a negro was lynched, his body dragged through the business section and burned upon a funeral pyre while several thousand persons looked on.

Fear of additional serious racial trouble caused Governor Martineau to order out a company of the National Guard for all night patrol duty. By midnight, after hundreds of armed men had paraded the streets in automobiles, firing volleys after volleys of shots into the air, the National Guard had virtually cleared the streets and had gained control of the situation.

The negro allegedly attacked two white women.

Mother's Day

SUNDAY, MAY 8th.—On this day, as no other, an opportunity is given to show appreciation of her years of self-sacrifice, of Mother Love.

We are preparing a window of new merchandise suitable for gifts with some wonderfully good values.

One outstanding value at
ONE DOLLAR

Centre handle and side handle cake plates, round and octagon shapes, good English lines.

BOY SCOUT COLUMN

1st Kelowna Troop

Troop First! Self Last!

Edited by "Pioneer."

May 3rd, 1927.
Orders for week ending May 12th,

Orders: Orderly Patrol for week, Beavers; next for duty, Wolves. Rallies: The Troop will rally at the Scout Hall on Friday, the 13th inst., and on Monday, the 16th inst., at 7:15 p.m., and on every Friday and Monday up to the Entertainment.

Mr. Henry Tutt, who was going to conduct the singing for us, has unfortunately left for Vancouver, but has left a worthy successor in his place in Mr. MacGinnis, who did the same work for us two years ago. Mr. Armour will play the accompaniment at the piano.

There are now only four Mondays left before the Show, so Scouts will see how important and necessary it is to attend every rally and practice, and that punctually. All Scouts having mouth organs are requested to bring same to the Scout Hall on Friday next.

We have several Scouts in the Troop who are anxious to get some work, either after school on week days or on Saturdays, by which they may earn some pocket money to enable them to buy some missing parts of their uniforms or to attend Camp later on. We should be very much obliged indeed, therefore, if any of our friends who have such work to be done would get into touch with the Scoutmaster.

There is to be a conference of Commissioners at Vancouver on the 27th of this month, at which Assistant Dominion Commissioner Stiles, of Ottawa, will be present.

GIRL GUIDE NOTES

The next meeting will be held on Tuesday, 10th inst., when all are asked to be present at five minutes to seven o'clock. The Orderly Patrol will be the Daffodil Patrol. Patrol Leader Ivy Ashworth is well on with her Second Class work.

MR. DVERARD NASH

One of the principals of the cast of "The Romantic Young Lady," to be presented by the University Players, May 18th.

OKANAGAN MUSICAL COMPETITION FESTIVAL

(Continued from page 1)

Mrs. Soames, who had judged the elocution contests, also returned thanks to the audience in a few well-chosen words, stating that she had been only too happy to be able to help in making the Festival a success.

The following programme was then commenced: "Shepherd's Dance" (German), by massed choirs of the Penticton, Summerland and Kelowna Public Schools, conducted by Mr. C. Higgin. Owing to the lateness of the hour, the other Public School choirs were unable to take part in this item, which was rendered without previous rehearsal. It was much applauded.

Class 5. Competition for boys' choirs: "All Through the Night" (Welsh Air), and "God Sends the Night" (Geo. Rathbone). The contest was for the Kelowna Farant, Teacher Shield, 1st, St. Michael and All Angels' Choir, 180 marks; 2, First United Church Boys' Choir, Kelowna, 160 marks; 3, Penticton United Church Boys' Choir, 156. Mr. Higgin made very complimentary remarks regarding the singing by the winners, stating that he and Mr. Jamieson thought their efforts quite one of the best features of the entire Festival.

Clarinet solo, juvenile. This was a very charming item, little George H. Mossop, of Summerland, playing excellently and without the slightest trace of nervousness. He was highly complimented by Mr. Higgin, whose composition, "Romance," had been specially composed for the occasion. He was awarded 100 per cent marks, Mr. Higgin observing that he could not imagine how the selection could have been better rendered.

Pianoforte solos, "Watchman's Song" and "Little Bird" (Grieg), Miss Peggy Price. This youthful artist greatly pleased the audience by her fine rendering of the selections.

Soprano solo, by Miss Daisy Porter, of Penticton, Miss Porter sang "Under the Greenwood Tree" in a very charming manner and received her full need of applause.

Pianoforte solo by Miss Grace Swift, of Penticton, "Scherzo in B flat" (Schubert). This was also a very pleasing number, the selection being played with remarkable skill for one so young.

Contralto solo, "Dream Valley" (Roger Quilter), by Miss H. Cryderman, of Vernon. Miss Cryderman was heard to great advantage in this selection.

Pianoforte solo, "Sonata in F sharp major," (Beethoven), by Miss Phyllis Cook, the winner of the open pianoforte competition. Miss Cook's playing so pleased the audience that they insisted on her playing again, when she rendered "Handelian Rhapsody" (Cyril Scott) with great skill.

The next items "When Soft Voices Die" (Wood) and "The Witches' Steeds," by the Vernon Ladies' Choir, were rendered by the special request of the adjudicators. They were splendidly sung and the choir was thanked on behalf of the audience by Mr. J. W. Jones, M.L.A., for their kindness in making a special trip in order to help to make the concert a success.

Soprano solo, "Orpheus with his Lute" (Sullivan), by Mrs. J. H. Trenwith. Mrs. Trenwith rendered this delightful song with her customary skill and received a great ovation from the audience.

Baritone solo, "Son of Mine" (Wallace), by Mr. E. O. MacGinnis. Mr. MacGinnis was in splendid voice and gave a fine rendering of the selection.

Presentation To Secretary and Distribution of Prizes

The concert was stopped at this point and the distribution of prizes commenced. Unfortunately, the Pen-

1ST RUTLAND TROOP

"Do A Good Turn Dally"

Rutland, B.C.,
May 2nd, 1927
Orders for the week ending May 14th:

The Troop will parade at the School field on Thursday, at 7:30 p.m. (sharp). Duty Patrol: Foxes.

Further practice in rope splicing featured last Thursday's meeting. Under the tuition of Mr. Hawkey, the Scouts are becoming quite proficient in this useful art. Scouts had the best attendance, the Foxes as usual being weakest. This latter state of affairs we hope to see remedied in the immediate future.

As the past week was Forest Protection Week, each patrol was called upon to give a one act sketch illustrating some aspect of forest protection. In this the Kangaroos were the winners.

Second W. Marr (Kangaroos) passed his Cyclist badge tests recently. Mr. A. H. Marchant acting as examiner. In this connection it should be recorded that Seconds W. Marr and E. Muford made a journey by bicycle to Keremeos and back during the Easter week. They took a pup tent and cooking utensils with them and camped out. The trip took about four days.

Wolf Cubs.—The Lady Cubmaster being unable to take charge of meetings for some weeks to come, owing to sickness of a member of her family, the Scouts are called upon to keep things going and conduct meetings during the L.C.M.'s absence. Volunteers from P.L.'s and seconds are called for.

A. W. GRAY, Scoutmaster.

Penticton competitors had already left for home. Before the prizes were handed to the winners in the various classes, Mr. C. E. Campbell, chairman of the Festival Committee, presented Mrs. H. W. Arbuckle with a set of silver spoons in recognition of her untiring work as General Secretary, making a short speech in which he alluded to the fact that that lady's work for the Festival just completed had commenced as soon as the 1926 Festival was over. Mrs. Arbuckle, who was greatly affected by the recognition of her efforts, briefly returned thanks, and the prizes and diplomas were then handed out by Mrs. Grote Stirling.

Mr. Jones asked the audience to give three cheers for the adjudicators, and this request was responded to with vim, both Mr. Higgin and Mr. Jamieson having gained great popularity here on account of their pleasant manner and conscientious work.

The concert was concluded by the singing of "I Loved a Lass" (Dyson) and "Sleeping" (E. German), by the Men's Vocal Club of Kelowna, an excellent rendering of both items being given.

Before the National Anthem was sung and the large audience dispersed, Mr. G. W. Weaver, Secretary of the Penticton Local Festival Committee, made a short speech in which he gave

FIRESTONE BUILDS THE ONLY GUM-DIPPED TIRES

The uncommon sight of a falling meteor was witnessed in broad daylight near Hilton last week. Those who saw it fall tried to find it in the ground but were unsuccessful.

A dividend of seven per cent was declared at the annual meeting of the Penticton Co-operative Growers, held last week.

Pre-eminently today
the 70-mile-plus quality car

TODAY, more emphatically than ever the finer Chrysler "70" is pre-eminently the 70-mile-plus quality car of its class—vogue-established and value-established as unique, alone and literally above all competition.

In planning the original "70" three years ago, Walter P. Chrysler and his engineers conceived a smart, swift, fashionable car which has been

accepted by thousands upon thousands of enthusiastic owners as a refreshing departure from previous conventional design and performance.

Ever since this, Mr. Chrysler and his associates have enhanced the magnetic appeal of the finer "70" to discriminating men and women with the result that today it is as new and as far beyond the ordinary as it was at its introduction.

INSPECTION OF HORTICULTURAL PRODUCTS

Valuable Work Of Agricultural De-
partment In Dealing With Imported
And Exported Commodities

VICTORIA, May 5.—Inspection of
imported and exported horticultural
and field products is dealt with in the
report of the Chief Inspector, W. H.
Layne, made public today by Hon. E.
D. Barrow.

The Inspection Branch of the De-
partment of Agriculture is perhaps
little known to the farmers of the Pro-
vince in general, but upon the efficiency
and thoroughness of the officials de-
pends the freedom of growers from
introduction from foreign countries of
infect pests and diseases attacking fruit
and vegetable crops grown in British
Columbia.

In addition to the regular staff in the
office of the Chief Inspector at Van-
couver, part time officers were engaged
at all ports of entry throughout the
Province, the report shows, prior to
September 1st, 1926. These were in-
spected by officers employed by the
Provincial authorities under permis-
sion of the Department of Customs at
Ottawa. With the withdrawal of such
permission an arrangement was made
with the Customs Department for the
entry of fruit and vegetables at only
such ports as were provided with Pro-
vincial Inspectors apart from the Customs
officers.

Origin Of Imported Products
The origin of origin of imported
fruits and vegetables are detailed in the
report, which shows the imports to be
as follows:—Oranges and rice from
Japan; oranges, grapefruit, peanuts,
yams, taro and rice from China; wal-
nuts and corn from Manchuria; rice
from Singapore; bananas, pineapples,
cocoanuts and yams from Fiji Islands;
oranges, lemons, grapes and onions
from Australia; bananas and pineap-
ples from Hawaiian Islands; bananas,
pineapples, limes, nuts and corn from
South America; lemons and nuts from
Italy; grapes and nuts from Spain; figs
and dates from Turkey.

Pests And Diseases From Overseas

Owing to the British Columbia sea-
ports being the first line of defence against
the numerous plant pests and
diseases prevalent in various parts of
the world, a sharp lookout is main-
tained, the Chief Inspector explains.
All manifests of ships arriving from
foreign countries are carefully checked
by the Inspector's staff of quarantine
officers. Any products liable to carry
serious insect pests, fungus or bacteri-
al disease are held for inspection. A
quarantine officer is within convenient
call during the inspection of passengers' baggage by the Customs officers, who
are instructed to report to him any
plant products they find.

In the event of rice, corn, peas,
beans, peanuts, etc., arriving badly in-
fested with moth, beetle or weevil, the
consignee is given the option to fumigate
or ship out of the country.

Of the pests infesting imported stor-
age products the two species of Bruch-
us weevil attacking peas and beans are
most important. These particular in-
sects will remain in the product during
the storage period and the next season's
crop is infested by the pest being car-
ried to the field at the time the seed
is planted. For that reason hundreds
of tons of peas and beans from the
United States, Eastern Canada and
Japan, have been fumigated at Van-
couver.

Imported Nursery Stock

Trees, shrubs, plants and bulbs are
all included in the term "nursery stock"
and must come to Vancouver for in-
spection and certain trees and shrubs
for fumigation, unless a permit has
been obtained by the consignee to have
a particular shipment inspected at some
other point in the province. The re-
port states that, so far, the permit re-
ferred to is confined to greenhouse and
herbaceous plants including bulbs,
from other parts of Canada and to out-
door trees and shrubs from Alberta,
Saskatchewan or Manitoba. That re-
ferring to trees and shrubs is limited
to residents in the East Kootenay Dis-
trict, in which case arrangements were
made in 1925 to have the stock inspec-
ted at Cranbrook.

Permission to inspect greenhouse
plants and bulbs at points other than
Vancouver was granted several years
ago, but it has not always been con-
venient to carry it out. During the lat-
ter part of 1926 it was decided to ar-
range for systematic inspection at cer-
tain points in the province where it
would be most convenient for the Dis-
trict Horticulturist or Field Inspector
to do the work.

Permits
The permit is necessary in connection
with imported nursery stock to which a
concession has been granted for two
very particular reasons, the Chief In-
spector explains: First, to ensure its
inspection in connection with the
special arrangement under which it is
imported; secondly, to avoid confusing
the transportation companies regard-
ing the proper place to deliver the ship-
ment.

Application for permits must be made
by the consignee to the Chief Inspector

jective:

ORCHARD CITY BAND
INTER-SCHOOL TRACK MEET.

TWENTY YEARS AGO

(From the files of "The Kelowna
Courier")

Thursday, May 2, 1907

"A large number of visitors from
the prairies arrived on Wednesday of
last week, twenty-three being in one
party coming to view the Central Ok-
anagan Land & Orchard Co.'s land. Am-
ongst other arrivals were Messrs. R. A.
Cope and J. W. Jones, Grenfell,
Sask., the latter accompanied by his
family, and Mrs. F. Bird and family,
from the same place."

"We are installing a type-setting
machine, with which the paper will be
set in 8-point type, two sizes less than
the present size, enabling us, until a
new press is feasible, to set a good deal
more news in the same space."

Messrs. C. Harvey & Co. have put
in a modern brick-machine with a ca-
pacity of 35,000 bricks per day. It is
run by a 20 h.p. Fairbanks-Morse gaso-
line engine, and will enable the manu-
facturers to largely increase their out-
put. We have no information as to
whether it will cheapen the price of
brick but, if so, the limits question
would cease to trouble many of our
citizens who are desirous of building
in the business quarter."

"The irrigation meeting called for
Wednesday of last week turned out a
fiasco. Lequime's Hall, where the
meeting was to have been held, was
occupied by the Orchestra for weekly
practice, and adjournment was made to
Raymer's Hall by the promoters of the
meeting. Only three or four turned
up, however, and the meeting was
abandoned. If water users this season
get into quarrels and embroilments
amongst themselves for lack of proper
apportionment of water, they will have
only themselves to blame for lack of
interest in devising a system of con-
trol."

"The coal strike has reached Kelowna
owing to the delays to the westward
of freight caused by the shortage of
fuel, we have run completely out of
our usual supply of printing paper, and
issue this week in four-page form on
book paper."

"Mayor Sutherland has to lament
the loss of \$40.00, taken from his safe
by some mysterious midnight visitor
who managed to enter and leave the
store without leaving any traces of en-
trance and exit, and also unlocked the
safe by some means without resorting
to the usual cracksmen's devices. No
clue to the criminal has yet been dis-
covered. So far as we know, this is the
first crime of this nature that has been
committed in Kelowna, and it comes
with an unpleasant shock of surprise."

"Mr. C. Harvey has recently sold ten
one-acre lots, subdivided of his prop-
erty near Mr. DeHart's nursery, seven
of them at \$750 each and three at
\$850 each."

"Mr. C. Leslie Thompson arrived
from Weyburn, Sask., on Wednesday
of last week, and has assumed charge
of the mechanical department of The
Courier. Mr. Thompson plays the trom-
bone, and his musical assistance will no
doubt be welcomed by the Orchestra
or Band, should the latter be resusci-
tated."

"A poor attendance turned out to the
fire practice on Thursday afternoon,
and, as a result, the Council is adver-
tising for paid members for the Brig-
ade. To our mind this was always the
only satisfactory solution of the dif-
ficulty, and we are pleased that the
Council now recognize that the young
men of the town are not keen on doing
hard and dirty work merely for the
'fun' or glory (?) of it. The practice
itself gave good results, a pressure of
90 lbs. being developed, but as soon
as it was over the few present decamp-
ed, and His Worship the Mayor was
left to coil up the hose, which he man-
fully did with the assistance of a Chin-
aman."

At a meeting of the City Council,
held on April 23rd, it was resolved to
procure a fire bell, 30 inches in diam-
eter, at a cost of \$70.00. As adjourn-
ment of the Provincial Legislature was
four days to near and the Premier had
left for London, it was decided to drop
the petition asking for municipal con-
trol of irrigation water. The Clerk sub-
mitted the necessity of improving the
Cemetery, which had been deeded to the
City by the trustees, and the Council
agreed to have it fenced and re-
surveyed. A by-law was introduced
granting a telephone franchise to Mr.
H. H. Millie, and it was given first
reading before being submitted to popu-
lar vote.

"An old-timer named John McCal-
lum, well-known to the older genera-
tion of settlers, was found drowned at
Rainbow on Wednesday of last week.
It is not known how the drowning oc-
curred, but it is surmised he had a fit
and fell off the wharf. The deceased
had been cattle boss for Mr. Price El-
lison for a number of years, and was a
native of Argyleshire, Scotland, and was
over 70 years of age."

INSPECTION OF HORTI- CULTURAL PRODUCTS

(Continued from Page 3)

is forwarded to the shipper by the con-
signee at the time the stock is ordered
so it can be attached to the shipment.

Nursery Stock Via Panama
Most of the large shipments of orna-
mental nursery stock from Holland and
Belgium, including some from Eng-
land and France, arrive at Vancouver
via Panama Canal, which is fast be-
coming the popular route since most of
the direct boats have improved their
storage accommodation by which the
stock arrives in good condition.

Our nurserymen are impressed with
the importance of utilizing the resources
of this province for propagating stock,
though most of them continue to im-
port a large proportion of what they
sell. Some of the most enterprising
are endeavouring to make headway
with their own propagation, especially
in the line of ornamental trees, shrubs
and rose stock, and every possible en-
couragement should be given them.
Ornamental stock seems to offer the
best prospect, and that is what they are
importing most heavily, nearly all of
it coming from Holland.

Nursery Stock Exports
Although the export of nursery stock
from the province is not very large,
each year shows some progress both
in the amount and number of countries
to which it is exported. It consists of
all kinds of stock, fruit and ornamental
trees and shrubs, plants, bulbs and seed.

Practically all nursery stock export-
ed from the province is carefully in-
spected. Provided it passes inspection
as being apparently free from pest or
disease and is in good, sound, merch-
antable condition, a certificate is issued
to that effect. One of the principles on
which that procedure is based is that
pest infested stock be not allowed to be
imported and that none will be allowed
to go out; also that many of the coun-
tries to which the stock is exported de-
mand Government certificates of in-
spection.

Enforcement Of Eggs Marks Act
Subsidiary to the inspection of fruit,
vegetables and nursery stock, the in-
spection officials undertake the enforce-
ment of the "Eggs Marks Act," the re-
port states, and it points out the moral
effect of the Act in deterring importation
of eggs from foreign countries.

From the United States 80 cases of
eggs were reported as being imported
for consumption in Vancouver. All of
these were broken from the shell
before being distributed to the trade,
mostly to bakeries. A few odd cases
were imported by private parties for
setting purposes and an occasional case
for private use in logging camps.

A shipment of 25 cases to Prince
Rupert was refused by the consignee
and returned to Seattle. For ship stor-
ages arrived in Vancouver and were
taken out of bond without becoming
subject to the Act.
Out of 3,000 cases of Chinese frozen
canned eggs arriving during 1926 in
Vancouver, 1,100 cases went through
to Toronto and the balance of the ship-
ment was placed in storage in the ware-
house of the Vancouver Ice and Cold
Storage Company, where they have re-
mained since July, 1924 of last year.

There also arrived in the province
during the year 1926 cases of Chinese
duck eggs, 120 eggs to the case, each
egg encased in mud for preservation.
They are used exclusively by the Chi-
nese. The thought of them would hard-
ly increase one's appetite for chop suey,
the Chief Inspector suggests.

Quantities Inspected
Some idea of the quantities of com-
modities inspected can be formed from
the figures quoted in the report under
enumerated and many detailed items
49,385 boxes of apples and crab-apples,
41,164 boxes of pears, 23,312 boxes of
plums and prunes, 120,080 boxes of
peaches, 227,419 boxes of California
oranges, 560,555 boxes of Japanese or-
anges (of which 344,600 boxes were
for shipment to points east of B.C.),
16,425 tons of rice, 21,981 tons of corn.

In addition to the regular work of
inspecting imports, it is sometimes nec-
essary to verify shipments, for
which purpose an up-to-date plant has
been established in Vancouver, under
the joint action of the Federal and Pro-
vincial Departments of Agriculture.
Some estimate may be made of the
quantity of peanuts consumed in this
country when it is noted that the sched-
ules to the report show that 157 tons of
peanuts were fumigated in addition to
1,643 tons which were passed after in-
spection.

Importance Of Inspection
The value to the agricultural inter-
ests of British Columbia in the protec-
tion afforded against the introduction
of foreign pests to this province is in-
dicated by the schedules to the report
showing the large quantities of com-
modities condemned by the inspectors
and either sent back to place of origin
or destroyed in the incinerators.

**IN THE MATTER OF THE ES-
TATE OF THOMAS POWELL,**
formerly of the Municipality of
Peachland, deceased.
NOTICE TO CREDITORS
All persons having claims against the
Estate of the above-named deceased,
who died on the 23rd day of December,
A.D. 1926; are hereby required to de-
liver full particulars in writing of their
claims and of the securities held by
them, duly verified by the undersigned,
solicitor for Gertrude Inglis, William
Douglas and Prudential Trust Company
Limited, the executors under the will
of the said deceased.

And further take notice that after the
31st day of May, 1927, the assets of the
said deceased will be distributed among
the persons entitled thereto, having re-
gard only to the claims of which the
said executors shall then have had no-
tice.

DATED at Kelowna, B. C., this 25th
day of April, 1927.
T. G. NORRIS,
Solicitor for the Executors.
Rooms 3 and 4, Casorso Block,
Kelowna, B. C. 37-3c

To encourage swine raising, this
province has been divided into four dis-
tricts by the Provincial Department of
Agriculture. In each of these prizes
will be offered for litters of pigs, each
of which must consist of eight pigs at
least, to be ear-marked before wean-

a reservoir

LIKE the camel which
stores up large quan-
tities of water when it can,
because the opportunity
may not occur soon again,
it is wise for mankind to
store up some provision
for the future during
productive earning years.

The safest and easiest way
to do this is to purchase a
Confederation Life policy
—a Guaranteed Pension
Bond, for instance. Then
you have a reservoir that
no future hazard of for-
tune can empty.

An interesting pamphlet, "The
Key to Happiness," will be
sent upon request.

The Musical Festival Committee wish to thank all those who assisted in making the Festival a success, also those who gave hospitality so readily to the visiting competitors. 38-1c

CARD OF THANKS

The McDonald family, of Winfield, wish to take this opportunity of thanking all their kind friends who have helped and assisted them in many ways during their recent sad bereavement. 38-1c

CARD OF THANKS

The relatives of the late Miss Sarah Hannah Frank wish to most heartily thank their many kind friends for acts of sympathy in their recent sad bereavement, also for the beautiful floral offerings. 38-1c

DEATH

MCDONALD—Hannah Elizabeth, beloved wife of Joe McDonald, of Winfield, at the Kelowna General Hospital, on May 1st, 1927. 38-1c

Local and Personal

Mr. A. E. Hill returned home from Vancouver today.

Miss Pughle was a passenger to Vancouver on Monday.

Chief of Police Thomas returned from the Coast yesterday.

In the City Police Court, on Monday, a man was fined \$10 and \$2.50 for having driven to the common danger.

We greatly regret having to report the death of Mr. W. H. Willis, which occurred at the Kelowna General Hospital this morning. An obituary will appear in the next issue of The Courier.

Mrs. P. J. Noonan and children, accompanied by Mrs. Noonan's mother, Mrs. H. Trepanier, left yesterday morning for Castor, Alberta, where they will spend the summer with their relatives at Mr. Trepanier's farm.

Pentown Motors, Ltd., capital \$25,000, divided into two hundred and fifty shares, has been granted a certificate of incorporation as a limited liability company, with registered office at Kelowna, in order to carry on a general garage business. 38-1c

The annual training camp of the 1st B.C. Mounted Rifles (2nd C.M.R.) will be held here this year during a period of nine days, from May 18th to 26th inclusive. An announcement in regard to the camp will be found in our advertising columns.

A Protection Spraying Zone has been established for the Okanagan Centre district by proclamation in the British Columbia Gazette. Within the area defined all apple, pear and crab-apple trees must be sprayed at least four times each year with an arsenical spray.

Miss Elsie Lyell left on Saturday for Scotland, where she will visit relatives and friends during the coming summer. She was accompanied on the trip by Mr. and Mrs. D. C. Stoll and family. The party sail from Montreal tomorrow on R.M.S. "Lettitia," bound for Glasgow.

Rev. A. K. McMinn left on Saturday on a trip to Toronto and Montreal, during which he will attend a general conference of the United Church Educational Council. During his absence the services at the First United Church will be conducted by Rev. Mr. Read, of Summerland.

Mr. "Bob" Smith, professional to the Kelowna Golf Club, will deliver a lecture on "Golf Etiquette and the Rules of Golf" in the Board of Trade Hall on Thursday next, May 12th, at 8.30 p.m., at which all golfers will be welcome. The lecture will be of special interest to beginners.

The members of the Anglican Parish Guild held a successful card party and social evening in the Parish Hall on Monday evening, over forty players being present. The bridge prizes were won by Mrs. H. Ballock and Mr. J. Tilley and the whist prizes by Mrs. B. E. Shaylor and Mrs. O. France.

The following guests are registered at the Eldorado Arms Hotel, Okanagan Mission: Mrs. Reginald Chowne, Vancouver; Miss F. Vercherre, Vancouver; Mr. and Mrs. Butler, Vernon; Miss Wentworth Smith, Vancouver; Mr. F. Moffat Smith, Vancouver; the Misses Robertson, Vancouver; Capt. Nottingham, Coldstream.

On Tuesday, at 12.30 p.m., the siren was sounded, fire having broken out in the wash room of the dairy owned by Mr. M. Day at the corner of Stockwell Avenue and Ellis Street. The Brigade made a quick run and on arriving at the scene of the conflagration used both chemical tanks and one line of hose, extinguishing the blaze very quickly. No great damage was caused by the fire, which was due to piling ashes too close to the building.

The residence of Mr. and Mrs. F. Varney was the scene of a very attractive and enjoyable shower party given in honour of Miss Edith G. Matthews, Mr. Varney's niece, last Thursday. Miss Matthews, whose marriage to Mr. Owen Dwight, of Regina, will take place in the prairie city next week, was the recipient of many useful gifts and the evening was spent by a numerous party of her friends in listening to musical numbers and in playing cards and games.

Quite a number of local fishermen met with good luck on Sunday, the opening day of the season on Okanagan Lake. The following catches were reported: Mr. G. Stevenson, one weighing 14½ lbs.; Mr. R. S. Moe, a ten-pounder; Mr. V. Fowler, three large fish; Mr. L. Le Dinty, four, the largest weighing 1½ lbs. Mr. J. Bulman, who was accompanied by Mr. G. Bulman, of Winnipeg, who came here specially for the opening of the fishing season, also met with good luck.

At the regular monthly meeting of Maple Leaf Lodge, No. 31, Daughters and Maids of England Benevolent Society, held on Monday evening, a very pleasing event took place, D.D. and P.E. Sister Davies presenting Sister E. G. Matthews with a case of stainless knives on behalf of the members of the Lodge, and at the same time wishing her every possible happiness. Sister Lowery also in honour of the occasion gave a fine rendering of "Because." Miss E. G. Matthews left the following morning for Regina, where her wedding will shortly take place.

Mr. A. P. Halladay, Inspector of Fisheries, spent Friday and Saturday in the district, returning to the Coast by the Kettle Valley train on Sunday. While here he went fully into a number of matters connected with the stocking of lakes and streams with Mr. F. W. Groves and other members of the Kelowna Fish and Game Protective Association. When discussing the proposed appointment of an honorary fish warden for certain waters, he pointed out that his Department could only be open to the public for angling, the duty of guarding private fishing grounds devolving on the owners. The present fishing regulations for this district he considered the best existing in any section of the Interior.

Engineers of the Public Works Department look for serious floods throughout the province, owing to the backward spring and the fact that much snow on the high mountain ranges remains to melt. Such being the case, the channels of Mission and Mill Creeks should be carefully examined for their jams, and measures should be brought to bear upon the authorities to remove any obstructions to the free flow of water while there is yet time, so as to prevent a recurrence of the floods of 1894, which was a very similar season to the present one.

OBITUARY

Mrs. Hannah Elizabeth McDonald

Through the death at the Kelowna General Hospital, on Sunday, May 1st, of Mrs. Hannah Elizabeth McDonald, wife of Mr. J. McDonald, of Winfield, there passed away a lady of many years' residence in the Okanagan Valley, widely known and esteemed for her many good qualities. The news of her demise came as a great shock to many people throughout the district, as until quite recently she had enjoyed good health.

The late Mrs. McDonald, who was sixty years of age, was born near Weston, Ontario, the youngest daughter of Mr. and Mrs. T. Farr, and spent her youth in that section of country. Four years after her marriage to Mr. McDonald in 1887, she and her husband came to this province, settling in New Westminster, where they remained a year. In 1892 they moved to Van Arman, where Mrs. McDonald had her home for over seventeen years, her husband being at one time Reeve of the Spallumcheun Municipality. After this lengthy stay at Armstrong the family resided for a short time at Vernon and later moved to Penticton, coming to settle at Winfield in 1921. Thus her long residence in this province, with the exception of a short stay at the Coast, was spent in this section of the Interior. She was noted for her good works and for the kindness of her disposition, and she held a very high place in the esteem of the community in which she lived. A participant all her life in religious work of all kinds, she was an active member of the United Church and she will be sorely missed by those with whom she was associated in many phases of religious endeavour. A great lover of music and a musician of unusual attainments, she was always willing to make generous contribution of her talent at all entertainments for worthy objects. Quite recently her services as organist at the United Church were recognized by a presentation made to her by the members of the church there, and advantage was taken of the occasion to acknowledge publicly how much her untiring activity had helped all connected with her.

The funeral service was held at the First United Church, Kelowna, on Tuesday, May 3rd, and was very largely attended. It was conducted by the Rev. A. Dow, assisted by Rev. A. McMinn, the former of whom spoke in eloquent and touching terms of the fine character of the deceased and of her life of continual usefulness and charity. The floral tributes were very numerous and were sent from all sections of the Okanagan and from her brothers at Weston, Ontario. A great many were from young people and children to whom she had been a most kind friend. The pallbearers were: Messrs. J. Wright, H. Fraser and Charles Patten, of Armstrong; T. Syer, F. H. Latimer and Capt. J. R. Mitchell, of Penticton. Mr. G. S. McKenzie, of Kelowna, and Mr. Charles Hardy, of Armstrong, acted as honorary pallbearers. Interment was at the Kelowna Cemetery.

Mrs. McDonald leaves to mourn her loss, her husband; two sons, Mr. A. McDonald and Mr. F. McDonald, of Bonington Falls; a daughter, Mrs. R. C. Rutherford, of Kelowna; three brothers, Mr. J. T. Farr, Mr. F. A. Farr and Mr. George Farr, of Weston, Ontario; a married sister, who resides at Badger, Man.; and four grandchildren.

Miss Sarah Hannah Frank

The death occurred at Vancouver last Friday, April 28th, of Miss Sarah Hannah Frank, who for many years was a highly respected resident of this city.

The late Miss Frank, who was in her eighty-ninth year, was the daughter of the late Mr. and Mrs. W. Frank, and was born near Scarborough, York-shire, England. When a young girl her parents came to Canada, settling at Lucan, in London Township, Middlesex County, Ontario, where she passed the early portion of her life. In 1891 she went to Regina, Saskatchewan, where she resided for many years with her sister, Mrs. R. Morrison, Sr. Later on, twenty-three years ago she came to this city with Mr. and Mrs. Morrison, Sr., and with the exception of a few short visits to other places lived here continuously ever since. Although advanced in age, she was always very bright and cheerful, and enjoyed exceptionally good health until last winter, when she contracted an attack of influenza, from which, however, she made a good recovery. Last September she went to Vancouver, staying first with a niece, Mrs. D. D. Campbell, and later on with her nephew, Mr. J. A. Morrison, where her demise came suddenly but peacefully.

Miss Frank's body was brought to this city for interment, the funeral service being held at the residence of the deceased at the residence of the late Mrs. R. Morrison, Sr., Ethel Street, on Saturday afternoon. The pallbearers were Mr. J. F. Burne, Mr. D. Lloyd-Jones, Mr. G. S. McKenzie, Mr. F. M. Butland, Mr. J. N. Thompson and Mr. F. R. E. DeHart. The service was attended by many friends of the deceased lady and the floral tributes were numerous and beautiful. Interment was at the Kelowna Cemetery.

Miss Frank is not survived by any relatives of her own generation, but she leaves behind her many nephews and nieces to mourn her loss. They are Mrs. D. D. Campbell and Mr. J. A. Morrison, of Vancouver; Mrs. F. G. Davis, Mr. T. N. Morrison and Mr. R. F. Morrison, of Kelowna; Mrs. J. J. R. Frank, of Winnipeg; Mr. R. W. Frank and Mr. W. Frank, of Minto, Manitoba; Mrs. Oscar Bixel, of Brantford, Ontario; Mrs. A. H. Cote, of Port Huron, Michigan; Miss Sarah Wells, of Seaford, Ontario; and Mr. Charles Frank, of Spokane, Washington.

FEMININE FADS AND FANCIES DOMINATE FILM

All Of Fashion's Aids To Enhance Beauty Appear In "Stella Dallas"

Fads, fancies and foibles of the feminine, following fashion's latest decrees, play their active and interesting parts in the photoplay "Stella Dallas," at the Empress on Friday and Saturday, May 6th and 7th.

The play, adapted by Frances Marion from Olive Higgins Prouty's novel, has been called a woman's picture attractive to men and women. Its story deals with the romantic love-life of a girl, Stella, at twenty, thirty and forty. It pictures the urgings and surgings of her heart and reveals in both vivid and imaginative outline the resultant drama occasioned by her yearnings and her conflict with convention. Her romance, her marriage, her flirtations, her beautiful child, her advent into society, and her final realization of all she could give for happiness, are the romantic highlights of this photodrama, directed by that master of sympathetic interpretation, Henry King, and sponsored by Samuel Goldwyn as his first picture for United Artists Corporation.

All of fashion's aids to make beauty more beautiful enter into the scheme of the play. Gorgeous gowns worn by Alice Joyce, who takes the part of Helen Morrison, society girl, and the wedding costume of Lois Moran, in the part of Laurel Dallas, daughter of Stella, are ravishing to the eye. Evening gowns, street wear, hats, all of latest mode and trim, form a veritable parade for feminine delight.

Belle Bennett, who plays the title role of Stella, employs paint, powder, mascara, jewels, permanent wavy hair, and removes and an array of feminine adjuncts that everyone readily associates with the kind of a girl that Stella is.

Flappers, the female of the species, and flackjacks, the male counterpart, have their innings galore in the play. Boyish bobs, shingle cuts, fanfare trims, in fact all manner of modish, up-to-date hair cuts, are in evidence with the girls. Balloon trousers, flannels, blue serge coats, ukuleles and canoe paddles are the fashion hints followed by the boys. Youth and beauty in and about an exclusive summer resort have full play. These young moderns indulge in all the outdoor sports known to the youth of today—horseback riding, swimming, canoeing, tennis, picnicking, fishing.

At the meeting of the Kelowna Women's Institute, which was held on April 27th at the home of Mrs. F. B. Lucas, the members were treated to a very entertaining lecture on the "Triangle Trip over the Canadian National Railway," given by Mrs. C. M. Cartledge, which was much appreciated. Plans for the proposed local "B. C. Products Week" were also discussed. The date when this will be held was not decided on, but it will probably be arranged to stage it during this month. Mrs. A. Gordon was chosen as the Chapter's delegate to the Provincial Convention which is to be held at Chilliwack this year.

At the office of Sales Service, Ltd., is to be seen a remarkable set of drawings and paintings entered in the competition for a prize for the best label for fruit boxes. Over fifty designs, some of them very beautifully drawn, were received. They came from all parts of the Okanagan district, also from other B. C. points and even from Washington, Oregon and California. So far, the management of Sales Service has been unable to decide which of these should receive the prize offered. Many of the best designs are more suitable for posters than for box labels, and the question as to whether some of them can be registered at Ottawa is being considered.

1st B.C.M.R. (2nd C.M.R.)

NOTICE

THE ANNUAL TRAINING CAMP will be held in Kelowna for a period of nine days starting May 18th to May 26th, 1927. All ranks who are able to attend should give their names to Lieut. P. V. Tempest as soon as possible.

They should endeavour to procure a suitable horse which must be sound, accustomed to saddle, quiet, free from vice, standing not less than 15 hands, and weighing approximately 1,000 lbs. Arrangements are being made for those that wish to procure horses through the Squadron.

Pay will be as in previous years: recruits, \$1.25 per day; men with previous training, \$1.50; N.C.O.'s, pay of rank. Horse allowance, \$1.25 per day.

[Signed] E. B. K. LOYD, Major, 38-1c O.C. B. Sqdn., 1st B.C.M.R.

NOTICE

Any person or persons found trespassing on the Lakeshore Road property belonging to Mr. W. E. Mitchell will be prosecuted. Mr. C. B. Windsor has full authority to prevent entry on this property.

CARRUTHERS & WILSON, Agents, Kelowna, B. C. May 4th, 1927. 38-2c

RUTLAND

The following letters will be of interest to those who were at the special meeting of the ratepayers to discuss the action of the School Trustees in dispensing with the services of the former caretaker.

Letter from the Secretary of the Board (Mr. A. McMurray) to Mr. B. Hardie, dated April 30th:

"Please find copy of letter received from Mr. Fletcher. The School Board met this afternoon and decided that, in view of the fact that Mr. Fletcher was not willing to resign, they could not legally dismiss him."

Mr. Fletcher's letter, dated April 26th, is as follows:

"In regard to the resolution passed at the ratepayers' meeting last night, that the Board was to re-engage Mr. Blenkarn as janitor as early as possible, and I was to be asked to resign to expedite it. You stated the case correctly when you said I wanted to know in time to put my affairs in shape, should the Board require my services after March 30th. The Board met and decided to engage my services for one year from April 1st, notifying me by letter, and I accepted it. Now I have signed most of my land in hay and have not sufficient land left to make a cash crop, and it is also too late, even if I do so, I cannot agree to the resolution and will not resign."

There seems to be considerable apathy on the part of the first growers of Rutland in regard to irrigation matters, judging from the small attendance at the monthly meeting of the Growers' Association on Monday evening, when the principal subject up for discussion was Major Clark's report of his investigations into the water situation so far as this district was concerned.

The first matter discussed was the pound situation, for which a solution was found, much to the relief of those present. Owners of cattle have apparently been taking advantage of the lack of a pound, and cows and horses have been doing considerable damage in the district. These owners will soon have to sit up and take notice, for Mr. Albert Craggs consented to take charge of the pound on condition that a corral was erected by the farmers of the district. It was decided to get enough money to erect a Page wire fence, Mr. T. M. Anderson undertaking to secure the necessary funds, while Mr. Felix Casorso agreed to supply the fence posts. Several of those present agreed to do the labour part of the transaction voluntarily, and the Growers' Association expressed themselves as being in favour of Mr. Craggs being appointed poundkeeper.

Another matter of interest brought before the meeting was that of trying to get electric power in the district. Mr. Anderson urged that a movement be started to have the question looked into by a committee. He humorously remarked that nobody would deny that, if they had electric light in the district, their wives would like them better. As to the initial expense, City Superintendent Blakeborough, of Kelowna, had stated it would be about \$7,000. He understood that the Kelowna City Council would be only too glad to have a committee wait upon them to go into the matter.

A committee, consisting of Messrs. H. LePargneux, T. M. Anderson and C. Dudgeon, was chosen to wait upon the Kelowna City Council and get all information on the matter of getting electric power into Rutland.

There was a long and tedious discussion on Major Clark's report, which was read by Mr. Beale, Secretary of the B. M. I. D. Perhaps the portion of the report which appeared to interest the water users most was the classification contained in the schedules at the end of the report.

The irrigable acreage, which in 1925 (the year the survey was made) was 4,679 acres, had been classified by Major Clark as follows: 2,576 acres consisting of bearing orchard and truck land which, according to the Major, could carry the present water charges; 542 acres consisting of young orchards which would, in all probability, be very shortly able to carry the present charges; and a further 1,394 acres was said to depend upon the personal factor and marketing conditions for profitable working, while a still further class, containing 166 acres, was said to have reverted to the Crown and to be non-

productive.

The Secretary said that this last category at the present time contained no less than 450 acres and represented between nine and ten per cent of the irrigable acreage.

It was stated in the report that the capital borrowings averaged \$103 per acre. One of the chief points in the discussion concerned the basis of taxation, whether it should be related to productivity of the soil or whether there should be a flat rate for the whole irrigable acreage, such as it is at present. In this connection, the argument against appeared to carry more weight with the meeting, as it was felt that the burden would still remain but would be lifted from the poor lands on to the good lands and crush the owners out.

The meeting adjourned at 11.30. Rutland was represented at the recent Musical Festival by several of its young musical aspirants, and two prizes were brought home. Miss Peggy Price is to be congratulated on her success in carrying off the first prize in Class 19, pianoforte (13 years and under). The test pieces were both by the famous composer Grieg, and the fact that Peggy was able to win out over thirty-seven other competitors speaks well for her ability. Beatrice Eakin was one of five who tied for second place, and is also to be congratulated upon her success.

A number of Rutland people attended the festival, and all who went were treated to a feast of music that will not soon be forgotten. Those who are acquainted with Old Country musical festivals could not but feel that the Okanagan Valley has young people with musical talents which compare favourably with anything they had heard in the homeland. And so again we heartily congratulate the two young ladies who so well represented Rutland.

Mr. and Mrs. T. G. S. Chambers arrived home on Saturday after spending the winter in California.

Mr. Dudley Fitzpatrick returned to Rutland on Monday from Vancouver, where he has been attending the University of B. C.

The first Baseball League game of the season was played on the school grounds on Tuesday evening, when the local team encountered Kelowna. A good-sized crowd witnessed the proceedings, which, although a little one-sided, was a fairly good game of baseball.

The first four innings were fast, the score at the beginning of the fifth being 2 to 1 in favour of Kelowna. In the fifth inning the visitors started to hit and, assisted by a few fumbles, they gathered four runs. In the next inning they added two more, the final score being 8 to 1.

The Rutland boys made a very feeble showing at bat and were unable to connect with the pitching of Byrde of Kelowna. The line-up was as follows:

KELOWNA: Parkinson, 1 b.; Foster, c.; Roth, r.f.; Bonell, c.f.; Bullert, 3 b.; Kirk, l.f.; Bourke, 2 b.; Talbot, s.s.; Byrde, p.

RUTLAND: Dalglish, p.; Sexsmith, s.s.; Howes, 1 b.; Fitzpatrick, 2 b.; A. Bach, l.f.; Kemp, 3 b.; Graf, c.; Blenkarn, c.f.; Dillman, r.f.

Umpires: M. Bird and Bouchard.

PROVINCIAL ELECTIONS ACT

South Okanagan Electoral District

NOTICE is hereby given that I shall, on Monday, the 16th day of May, 1927, at the hour of 10 o'clock in the forenoon, at my office, Bernard Avenue, Kelowna, hold a sitting of the Court of Revision for the purpose of revising the list of voters for the said electoral district, and of hearing and determining any and all objections to the retention of any name on the said list, or to the registration as a voter of any applicant for registration; and for the other purposes set forth in the "Provincial Elections Act."

Dated at Kelowna, B. C., this 21st day of April, 1927.
D. H. RATTENBURY,
Registrar of Voters, South Okanagan Electoral District.

GLENMORE

Mrs. Bateman arrived from the Coast last week to visit her daughter, Mrs. R. W. Corcor.

Miss Christine Ferguson, who has been attending the University of Alberta, at Edmonton, arrived home on Friday.

The Community Guild meeting will be held at the home of Mrs. E. W. Ferguson on Tuesday next.

Mrs. A. Loudoun, with her son Archie, is leaving on Saturday over the K. V. R. to spend a few weeks at the Coast.

Very little interest was evinced in the Tax Sale held by the Glenmore Irrigation District on Thursday last. Four parcels of land were sold to the Land Settlement Board of British Columbia and the balance, twenty parcels, to the Irrigation District.

The system is now ready for the irrigation water and a few warm days should bring it down. The creek started to flow on Thursday, and it was hoped that water would be available on Monday. The cold nights, however, checked it, and only enough water is running to supply the prior record holders with a little for domestic use.

British Columbia town planners are stated by "The Journal of the Town Planning Institute of Canada," published at Ottawa, to stand at the threshold of the greatest town planning movement ever attempted in this country, that of "regional planning." The idea of regional planning had its start in this province and is now being followed in Toronto, Montreal, Winnipeg, Ottawa, and other large cities.

Beauty that Reflects Spirited Performance

THE low, graceful lines of the new Fisher-built bodies give promise of dashingly performance which the smooth, powerful Chevrolet engine is quick to fulfill.

The refinements which distinguish the design, finish and appointments of the Most Beautiful Chevrolet have their counterpart in the many striking advances in engineering. Refinements which you would expect only in cars at hundreds of dollars above Chevrolet price are incorporated in the Most Beautiful Chevrolet—AC oil-filter, AC air-cleaner, new, improved transmission, smooth dry-disc clutch, sturdy rear axle and scores of other features—giving to Chevrolet a unique combination of power, smoothness and rugged endurance.

Your first ride in the Most Beautiful Chevrolet will amaze and delight you just as greatly as does your first glimpse of its

striking beauty. And you will find succeeding miles open up new sources of admiration and wonder that a car so low in price as Chevrolet could provide such spirited performance, such unflinching power, such entrancing smoothness, such gratifying economy.

For the Most Beautiful Chevrolet in Chevrolet History is selling at NEW, LOWER PRICES, the Lowest for which Chevrolet has ever been sold in Canada.

NEW LOWER PRICES

Roadster	\$655.00	Coach	\$760.00

Another Frick Case

Post mortem on the late Albert Frick proved that his death was caused by vertebral displacement interfering with the nerve supply, causing paralysis of the lower chest muscles. Now at Roanoke, Va., Walter L. Boothe, like Frick, is being kept alive by artificial respiration pending an operation for a dislocated vertebra.

This is another conclusive proof that the chiropractic theory is correct. Impingement of nerves is the fundamental cause of disease. Complete interference brings paralysis; partial interference means loss of nerve energy and consequent lack of tone in the organ supplied, resulting in disease.

6. Molly, 87, Holstein, 1,167, 40.8; Coldstream Ranch, Coldstream.

It is planned that the members of the B. C. Dairymen's Association will attend the annual picnic held at the Summerland Experimental Farm, which this year will take place on June 3rd.

NOTICE

Under the provisions of Sub-section (1) of Section 16 of the "Produce Marketing Act" of the 1926-27 Statutes of the Province of British Columbia, it is required that all fruit and vegetable shippers shall apply for a licence from the "Interior Tree-Fruit and Vegetable Committee of Direction" for the period ending 31st March, 1928, and all shippers should apply to the Committee for such licence forthwith.
Licence fee for car-lot shippers, Ten Dollars (\$10.00); less than carlots, Two Dollars and Fifty Cents (\$2.50); cash to accompany application.
A. J. FINCH, O. W. HEMBLING,
Penticton, B. C. Vernon, B. C.
FOR THE COMMITTEE.

OKANAGAN CENTRE

The Okanagan Valley Land Co. is putting in five acres of tobacco on the bench east of the Centre. The manager, Mr. J. L. Logic, thinks the outlook for this crop is good, taking the average over several years, provided the soil is suitable and the latter part of August and early September is fine.

Mr. L. Howlett has vacated the cottage on "Shoreacres," moving to Winfield, where he will be employed in the Offerdahl packing-house for the season.

At the Women's Institute meeting to be held on May 12th in the Hall, reports of the department conveners which have been made up for the coming provincial conference at Chilliwack will be read and discussed.
A stall will be arranged by the Social Committee, at which "home products" will be offered for sale and a B. C. products tea will be served. There will be an open meeting to which guests will be welcomed.

The School Inspector, Mr. Hall, was a visitor at the Centre school on Wednesday, the 27th ult. He expressed himself as being pleased with the progress of the pupils and with the general atmosphere of the school.

Mrs. Caesar entertained for her sister, Mrs. Bevan, of Winnipeg, on April 28th, at "Court" whilst she is entertaining again on the 6th inst.

Mr. J. Goldie was in Vancouver last week, called there by the death of his sister-in-law, Mrs. Herbert Goldie. This news came as a shock to all those who knew her during the residence of the family here in 1915-16.

Mr. N. A. Robinson left on Tuesday for Vancouver, where he intends to reside.

Some use appears to have been found at last for the stray "cultus" cayuses, which are classified as a plague by all

SUCH LOW PRICE SCARCELY SEEMS POSSIBLE

Of all the many qualifications of the new Oldsmobile Six, perhaps the most incredible is the phenomenally low price.

It is difficult to realize that any car that looks like Oldsmobile and performs like Oldsmobile—that possesses all the fine-car features which Oldsmobile incorporates and the unmistakable air of distinction which surrounds Oldsmobile—could possibly sell at prices so low as those of Oldsmobile Six.

Visit the showrooms of your Oldsmobile dealer. See the New Oldsmobile Six, with its four-wheel brakes, its Fisher Bodies, its precision manufacture throughout, and inspect its countless quality features—features which stamp it at once as a car to be bought with unlimited confidence.

Then, when you have seen it—ride in it—drive it—sense its easy, graceful motion, its flexibility and smoothness—feel the exhilaration of its power and speed.

What could you ask that Oldsmobile does not give you? How many delights you never expected does Oldsmobile provide! How completely Oldsmobile answers your needs—fulfills your deepest desires!

Finally, prepare for the greatest, the most pleasant, the most incredible surprise of all . . . the low price of the high-quality Oldsmobile Six.

Kelowna Scores Heavily Against Vernon In First Game For Whiten Shield

On May 1st the first game in the Valley League competition was played, Vernon competing here against Kelowna for the Whiten Shield.

The kick-off did not take place till 4.30, although the game had been called for three o'clock, owing to two of the Vernon team arriving late.

Five minutes after the game started, Davies, outside right for Kelowna, centered and the Vernon back kicked the ball through his own goal. Three minutes after this, Kelowna scored again, Davies centering and Crawford heading the ball between the posts. Vernon rallied and within another two minutes scored their first goal. However, the third goal for Kelowna was scored after twelve minutes play, when W. Woods centered and Crawford again headed through. A hot shot by J. Burt gained one more goal for the Orchard City, after which play was far more even, each end being visited in turn, until Handlen centered and W. Woods shot the fifth Kelowna goal, making the score at half time: Kelowna 5; Vernon, 1.

In the second half Davies centered, giving Crawford another chance to score which he made good use of, securing one more goal for Kelowna, and soon afterward Vernon secured their second goal. "Tuck" Lewis, the Orchard City goalie, had just cleared, but before he had recovered position the Vernon centre had shot into the net. Kelowna's seventh goal was scored by Crawford from a pass from Fisher. The same player also scored goal No. 8, while No. 9 was secured by Davies, who was playing in professional style throughout as right wing. The last goal was made for Kelowna by Fisher, who played centre half throughout the game. Final: Kelowna, 10; Vernon, 2.

In this match the Kelowna boys showed up very well, considering the small amount of training they had had. They all played good, clean football. The Vernon players also played in a fair way, the consequence being that "Dick" Smith, the referee, had little to do. There were only four fouls throughout the entire match.

The Vernon team did not show up as well as had been expected, but their play will doubtless improve with more practice. Everybody was pleased to see the old standby, J. Dean, in their ranks, once more wearing the Vernon colours.

The officers and members of the Kelowna Football Club hope that every one who is interested in football will come to the football field each Wednesday evening, when a practice game will always be played.

Kelowna will journey to Lumby on May 8th to play that town in the Whiten Shield competition. Any offers of transportation for the team will be most gratefully received.

Revised Schedule

The schedule which appeared in last week's issue of The Courier has been revised. The league schedule for the Whiten Shield contest is as follows:

May 1.—Vernon at Kelowna.
May 5.—Lumby at Kelowna.
May 8.—Kelowna at Lumby.
May 12.—Kelowna at Vernon.
May 15.—Lumby at Kelowna.
May 24.—Vernon at Kelowna.
May 29.—Kelowna at Lumby.
June 3.—Kelowna at Vernon.
June 9.—Vernon at Lumby.
June 12.—Lumby at Kelowna.
June 16.—Lumby at Vernon.
June 19.—Vernon at Lumby.

In the Lumby Cup competition, Kelowna will play at Vernon on May 19. In the final contest the winners of the Vernon-Kelowna match will play at Lumby on July 1st.

WINFIELD

The many friends of Mrs. J. McDonald were grieved to hear of her death on Sunday evening. The funeral was held from the United Church at Kelowna on Tuesday afternoon, which a large number of her friends attended. Mrs. McDonald will be greatly missed in Winfield, where she has been an untiring worker in the church, Sunday School and Ladies' Aid and in many other ways.

The sympathy of the entire community goes out to Mr. McDonald and his family at this time.

Mr. and Mrs. Coe, with John and Dick, returned home on Saturday from a trip to the Coast by car by way of the States.

We were sorry to hear that Mr. Aberdeen Sr. went to the Hospital on Sunday. We hope he will soon be well again.

The first league game of baseball was held on Tuesday evening between Winfield and Oyama at Winfield. Winfield team won.

Goddards Auction & Realty Co. report many enquiries from prospective settlers, with a number of sales, and steady influx of new residents, with the result that all the small bungalows on their renting list have been taken and only a few larger houses are available. Recent sales through their agency include: thirty acres at Winfield, known as the "Keweenaw" property, consisting of bottom land; a bungalow and store at Woods Lake to Mr. Strongford, a recent arrival from Edmonton; Mr. W. W. Pettigrew's bungalow on Stockwell Avenue to Mr. C. T. Redstone; the Wright property of twelve acres, with residence and orchard near the East Kelowna School, to Mr. McKay, who lately came to the district from Calgary.

BASEBALL

Kelowna Wins First Game

Kelowna won their first game with Rutland in the League series, on Tuesday evening. An account of the battle will be found in the Rutland Notes.

On the same evening, Winfield defeated Oyama, at Winfield, by the overwhelming score of 14 to 2. The game went seven innings. Batteries: Duggan and McCarthy, for Winfield; Pattullo and Crawford, for Oyama.

Tomorrow evening, May 6th, Kelowna will play Winfield in town, at the Recreation Ground, when it is hoped that a good crowd will turn out to encourage the teams.

CRICKET

First League Match On May 8th

The first League cricket game to be played this season will take place at the Recreation Ground on May 8th, commencing at 2 p.m., when two strong eleven, City and Canadian Legion, will open the season. Both teams are composed for the most part of experienced players and the match should be an interesting one.

The pitch has been much improved and can be stated to be in really good shape. New matting has been purchased for it.

Local cricketers are looking forward to a good season and to an increase of public interest in the game.

AT THE TRAPS

The Glenmore Gun Club of Kelowna staged its final evening shoot of the season at the Glenmore trap last Thursday when several good scores were registered.

In the 22 event, Ben Hoy came out on top with the fine score of 48 out of 50.

In the B. Class event, Norman Day was the winner.

The scores in the 12-gauge contest were as follows: T. Thorp, 17; N. Day, 19; H. Anderson, 21; R. Haldane, 19; J. B. Spurrer, 20; Ben Hoy, 19, out of a possible 25.

FORTHCOMING VISIT OF UNIVERSITY PLAYERS

Piece Selected For Presentation This Year Is Spanish Comedy

The Players' Club of the University of British Columbia will pay its annual visit to Kelowna on Wednesday, May 18th. Playgoers have pleasant recollections of the excellent entertainment provided by the students in previous years and a large attendance is expected at the Empress Theatre for the event.

The piece selected for presentation this year is a comedy "The Romantic Young Lady," by Martinez Sierra, who stands in the first rank of Spanish dramatists. It is a light and pleasing story of youth. The plot involves a young Spanish girl who, an old-fashioned sentimentalist at heart, feels the modern age existence of her three brothers. The romantic young lady, played by Miss Dorothy Pound, becomes attached to the books of a sentimental author and, through a series of delightful scenes, she meets the writer, a part taken by Mr. T. C. Gibbs, and falls in love with him. He turns out, however, to be a real and practical man of the world, with a whimsical sense of humour, and the poor girl, so roughly and suddenly disillusioned, has difficulty in reconciling him with her ideas.

A wise old grandmother (Miss Alice White) adds touches of real humour to the scenes as she deftly sizes up the situation and helps to propel it on to a final climax and thoroughly satisfactory ending.

The play gives excellent opportunity for the actors, and the characters have been well chosen. Others in the cast are Misses Honor Kidd, Madge Rankin and Milla Anhan, Messrs. W. Buckingham, E. T. Nash, D. Brock, W. Masterson and N. Clarke.

OLD LONDON TOWN PICTURED IN PLAY

Dorothy Gish, who stars in "London," billed for the Empress Theatre on Monday and Tuesday next, May 9th and 10th, is the only American in the whole cast, the rest of the company being English, and the story is of the British metropolis throughout.

The human characters are a girl of the Limehouse slums, played by Miss Gish, and a youth of fashionable Mayfair, a part taken by John Manners. Out into the mystic city night they go on their quest for happiness—the girl blindly seeking a love she has never known; the youth, hating the restrictions of wealth and daring adventure in the heart of the underworld. It was the idea of Thomas Burke, author of the story, to portray the influence of environment on the individual, as when the starving girl falters among the women who crowd the Thames Embankment, and when the boy is tempted by the women of Soho.

The backgrounds supply a wonderful panorama of scenes in London and
